Dear Mr. Manley;

I wrote you a letter several days past asking you to please notify me if you are planning on using me this season. of course I don't suppose you are. Or I would have heard from you before now. Since it's about time to begin Spring training and I have a offer with another team I'm asking you to please send me a release or letter stating that you don't need me anymore.

It is very important that I get a written statement from you. of course I understand I didn't sign a contract last year. Hoping that you will attend to this matter immediately for me.

My regards to Mrs. Manley. Thanking you very kindly.

yours Truly,  
Chas. Humber
